WILSON NOTE  
ON ADRIATIC  
NOT THREAT

But Foreign Press is  
Bitter in Its  
Comments.

By Associated Press Leased Wire

Washington, Feb. 17. — President Wilson in his "memorandum" to the allies concerning their proposed Adriatic settlement informed them that the United States might have to consider withdrawing the treaty of Versailles from the senate if the allies went ahead with their plans without the consent of the United States.

This statement was made officially here today with the further statement of a situation created "not by an act of the American government, but by an act of the British, French and Italian premiers," which would place the United States in the position, if it were a party to the treaty of Versailles, of subscribing through the pact to rights of sovereignty and other agreements to which it was opposed.

MAY "TONE DOWN" REPLY

By Associated Press Leased Wire

Paris, Feb. 17.—Although the reply of supreme allied council to President Wilson's note relative to the settlement of the Adriatic question was drawn up on Saturday, it has not been sent, according to special dispatches from London. Efforts are being made in certain quarters to have it toned down the dispatches say but all refer to the president's note as a "veto," statements from Washington notwithstanding.

In writing on this subject "Pertainax" of the Echo de Paris, who is exceptionally well informed, says the postscript of Mr. Wilson's note contained "the most brutal menace that if his warnings were unheeded he would withdraw both the treaty of Versailles and the Anglo-Franco-American pact from the senate."

"On Horns of Dilemma"

"Pertainax" points out the allies are "on the horns of a dilemma" and concludes:

"It is only too obvious the allies will maintain their formula of January 20." (Have the writer refer to the virtual ultimatum sent to the government of Jugo Slavia asking that it agree to the compromise proposal relative to the Adriatic or have the treaty of London carried into effect.)

LONDON PRESS COMMENT

London, Feb. 17.—It is impossible to emphasize the importance and gravity of the results which may follow the supreme allied council's reply to President Wilson's note relative to the Adriatic settlement, says the Mail.

"Anglo-American relations for a generation may well depend upon the terms of the reply," the newspaper continues. "This country is anxious that justice be done between Italy and Jugo Slavia and is equally anxious to cultivate closest friendship with the United States, which is a cornerstone of British foreign relations. We trust, therefore, that moderation and clear-sightedness may characterize the reply."

Chance for Wilson

"The dramatic reappearance of President Wilson may be a mere gesture, but it may be much more, for America can enforce its will and can, even at this late hour, insist that justice be done. Does the president mean business? If he does there is still a chance for him to retrieve some of his reputation and give Europe a tolerable peace."

Deep anxiety lest the president Wilson a reply containing further cause for dissension is expressed by the Times, "because in the actual mood they are now in, the American people might believe a very little thing sufficient to make them withdraw their countenance from the peace settlement and turn their backs for a season upon the affairs of the old world."

The newspaper declares President Wilson's note on the Adriatic question "raises a question which allied democracies will not allow the supreme council to settle untrammelled."

THURSDAY WILL  
BE ELKS' "BIG  
LEAGUE NIGHT"

Lombard Entertainers,  
Dance, Cards and  
Social Planned.

Thursday evening will be observed as "Big League night" at the Elks' club, when members of the club, their ladies and members of their families over 16 years of age will be the guests of the lodge at an entertainment and social evening.

The Lombards, entertainers of exceptional ability, have been secured to appear as the feature of the evening's program, which will start promptly at 8:15. Their part of the program will continue until 9:30, after which dancing will be enjoyed until 12 o'clock and the house committee will serve refreshments from the hours of 10 to 11. For those not caring to dance, cards will furnish entertainment in the parlors.

The Lombards are being enthusiastically acclaimed everywhere. They give a program which is both entertaining and artistic.

The program is given by Mr. and Mrs. Harry Lombard, and consists of solos, duets and readings, together with costumed sketches. It is most novel and unique.

A feature of the entertainment is the singing of the Armorer's song from "Robin Hood" with Mr. Lombard appearing as a blacksmith with apron and working tools on, and striking blows with a hammer so connected with an electric wire that real sparks are produced. Another feature is the rendering by Mr. and Mrs. Lombard of a group of old-time songs.

Mrs. Lombard gives a number of readings among which is a cutting from Booth Tarkington's "Seventeen."

Either Mr. or Mrs. Lombard or both of them are continuously on the stage, and do so much and all in such a clever and unique manner that their program here is sure to constitute one of the strong attractions on the Lyceum course.

Carroll P. Hall,  
Ex-Dixonite, Dead

Carroll P. Hall, formerly connected with the Union State Bank of this city, died Monday at 12 o'clock at his home, 1603 Jackson Boulevard, Houston, Texas, of pneumonia, after a two weeks' illness. His wife, Allie Teal Hall, a former Dixon girl, survives him, with his mother, of Valparaiso, Ind., and a sister, Mrs. Tankersley, of Colorado. Mrs. Teal's mother, Mrs. Ellen Teal, is with her daughter. Burial will take place in Houston.

WALTER WATKINS IS  
FIRST PRESIDENT OF  
DIXON KIWANIS CLUB

Organization of New Co-  
operative Club Now  
Completed.

The Kiwanis Club of Dixon was organized at a well attended meeting of representative business men at the city hall last evening at 8 o'clock. E. H. Bigelow, one of the national field workers for the Kiwanis movement, and who has spent several weeks of his time in the city arranging for the perfection of the organization, had charge of the meeting until the officers were selected.

The speakers from Rockford who were scheduled to be in the city last evening to start the movement, were unable to attend because of sickness. Despite this fact, the meeting was well attended and the Kiwanian spirit was very noticeable. Mr. Bigelow after reading the standard by-laws of the movement, which were unanimously adopted, called for the election of officers for the fiscal year ending December 31, 1920, which resulted as follows:

Officers Chosen.

President—Walter Watkins.

Vice President—Louis A. Pitcher.

Treasurer—J. B. Lennon.

Board of Directors—Henry S. Dixon, Charles Keyes, L. E. Jacobsen, Edward Vaile, E. J. Countryman, D. G. Harvey and Dr. Z. W. Moss.

At the conclusion of the election Mr. Bigelow read a telegram which he had received earlier in the evening from O. Sam Cummings, international secretary of the Kiwanis movement, as follows:

"Kindly convey my congratulations and best wishes to the members of the Dixon Kiwanis club. The 22,000 Kiwanis members bid you welcome and wish you unqualified success in spreading the great Kiwanis gospel of fellowship, cooperation and service."

Coming to Dixon.

Mr. Cummings is slated to come to Dixon early next month when the charter will be delivered to the club officers and representatives from Rockford, Elgin, Freeport and Chicago. (Continued on Page 2)

RESIDENT LEE  
CO. SINCE 1853  
ANSWERS CALL

Mrs. Nancy A. Prescott  
Passed Away Monday  
Afternoon.

Mrs. Nancy Adams Prescott departed this life Feb. 16, 1920, at her home, 1004 North Crawford avenue, after an illness of about two months duration. She was born in Center County, Penna. June 18, 1844 and came west with her parents, George and Mary Williams in 1853, to Dixon. The family settled in Palmyra, where as a girl, she attended the Sugar Grove school.

After she had finished her schooling and had grown to womanhood, she taught the home school for two winters, afterwards attending the Toole seminary in Dixon. She was married on Dec. 19, 1867 to Hollis A. Prescott of Dixon. Five children blessed his union: Mrs. Mable D. Drew, George F. Prescott, Mrs. Daisy M. Brenner and Mrs. Juliet Cortright, all of Dixon and Homer H. Prescott of Freeport. She leaves to mourn her passing, her devoted husband and children together with eleven grandchildren and two great grandchildren.

She claims scores of children for at different times she has acted as chaperon for numbers of young people's camps and parties who called her "Ma" Prescott. Her heart was always young and she counted her friends among the young people of our city by the score.

She has been a member of the Methodist church for 25 years, a charter member of the Neighbourly class of the M. E. Sunday school and a member of the Women's Relief Corps for 25 years. She loved her part in the Corps work and was never absent from her place unless prevented by ill health. Two brothers and one sister survive her: Dr. John F. Williams of Chicago, Julius C. Williams of Dixon and Clara Goodrich of Palmyra.

Short services will be held from the late residence Thursday afternoon at 2:30. The body will then be taken to the Methodist church where services will be conducted by Rev. Ernest C. Lumsden. Interment will be made in Oakwood.

IN DIXON SATURDAY

They say the Dollar doesn't have the purchasing power it used to have. We'll say that's right—most of the time. But on SATURDAY, Feb. 21, which is DOLLAR DAY in DIXON, the old Dollar will come into his own again. On next Saturday, DOLLAR DAY, you can buy more for your dollar than any place in America. Come and try it. Saturday is to be DOLLAR SAVING DAY IN DIXON.

This issue of the Dixon Evening Telegraph, which is gotten out for the merchants of Dixon, brings a message from the stores of Dixon into ten thousand homes in this section of the state. It contains news of importance to everyone, and should be read carefully, page by page. The readers of this paper are offered an opportunity that comes but seldom. They are to be the gainers if they will take advantage of their opportunity.

In these days of high costs of merchandise, the income of the average citizen is strained in its efforts to make both ends meet. The prices of the very necessities of life are so greatly increased that most everyone finds living expenses a problem that demands serious consideration and wise planning. Obviously, the most important economy that can be practiced is wise buying. You are going to have an opportunity to buy things that you really need at prices that you will be quick to realize are unusually low. It is an opportunity that you have not had for some time and may not have again very soon. Therefore, if you have thrift and a desire to economize, you can't afford to overlook Dixon's big dollar-saving bargain day, which is to be Saturday of this week.

The merchants of Dixon desire to be fair and to meet their customers half way. They wish to show the people of this territory that they appreciate the trade that is coming to them and they are willing to give those customers a day of trading that will be truly beneficial to the buyers. Saturday will be purely a buyers' day. The bargains that are offered in this issue of the Telegraph and will be announced in subsequent issues of the Telegraph this week which will be on the shelves and counters of the stores of Dixon on next Saturday are real, bona fide bargains. They are no bait to attract the unwary. They are not shoddy goods at low prices. They are not shams in any way. They are standard, high-grade goods which will be sold at a price which would be ruinous to the dealers if they made a practice of selling goods at that price.

There are always bargains to be had in the stores of Dixon, and they are real, honest bargains. Dixon is a safe place to trade any day of the year. But in no city in the land will there ever be found a greater array of attractive bargains offered to the trading public at one time than will be on sale in Dixon on the coming Saturday.

Your cue, Mr. and Mrs. Buyer, is to read the ads in the Telegraph. The merchants of Dixon will tell you in these ads of their offers to you. They cannot tell you all of the good things they have in store for you. That you must find out for yourselves by visiting the stores of the city on Saturday. But they will detail a few of the bargains that will go to make next Saturday one of the biggest dollar-saving days you have ever seen.

The money saving conditions will prevail in every line of retail trade. Not only the clothier and the grocer and the dry goods man, but the implement man and the jeweler, the hardware man and the druggist—all lines of retail merchandising from a shoe string to an automobile. There will be bargains to be had among the necessities as well as the luxuries of life, and you want both if you can get them at a price within your means.

And again we beg leave to advise you, read the ads, then come and buy in Dixon on Saturday and you will see the value that has been added to your dollar.

ANOTHER FORGER IS  
APPREHENDED; BOUND  
TO APRIL GRAND JURY

Ralph Dewey Aged 16, Ad-  
mits Getting \$121 on  
Spurious Checks.

Ralph Dewey, aged 16 years, of this city, is the second "high financier" to be apprehended by the police in one week. He has forged checks in Dixon during the past month aggregating \$121, has enjoyed a good time, confessed his wrong doing late yesterday afternoon and is now reposing in the county jail unable to furnish \$500 bonds and being held on a charge of forgery.

While Dewey's work as a check forger has been of the crude variety he seems to have covered his tracks fairly well. About two weeks ago, the attention of Chief Van Bibber was called to four checks aggregating \$81, which had been forged and which were received at the City National bank. Dewey was apprehended at that time but his brother, Ezra Dewey, residing south of the city, whose name had been forged to the checks, made the amount good at the bank and the youthful forger was given another opportunity to mend his ways.

He left here for a short time and went to Sheldon, Ill., to visit a sister, returning to Dixon the latter part of last week. Yesterday afternoon the chief was summoned to the P. M. Newcomer office where a check made payable to Roy Manning in the amount of \$17.50 and signed by Max Gerdes had been returned as a forgery. The check was drawn on one of the City National bank's checks, the first two words being struck out with a lead pencil and the name of the United State bank written in.

Suspected Dewey

The chief knowing of young Dewey's return to Dixon, immediately suspected him and was about to leave the Newcomer office in search of the lad when he encountered Officer Scaggen and Arthur McCreary, clerk at the Vaile and O'Malley clothing store. From these two the chief learned that a second bad check had been passed Saturday evening by Dewey in the amount of \$22.50, the name of Max Gerdes again being forged.

In a very few minutes Dewey was found in a down town pool room and when first confronted, positively denied any knowledge of the forgeries. He was taken to the police station and when confronted by the checks, admitted his guilt. Justice Grover Gehart and State's Attorney Edwards were called in and a charge of forgery was preferred against him. He was held to the April term of the grand jury under bonds of \$500 which he was unable to furnish and in default he was sent to the county jail.

State Legion Meet  
Set for Sept. 2-3

The date for the 1920 state convention of the American Legion have been set for September 2 and 3 according to information received by the local post from the state headquarters of the legion.

Permanent charters are to be issued soon to the local posts of the state. After these charters are issued no change in the name of the post will be permitted. The names of the charter members are not to appear on these charters, which will only bear the name of the post to which they are issued.

## FORMER FREEPORT COACH

HELD UNDER \$5,000 BAIL

Dan B. Dougherty, former athletic coach of the Freeport high school, known to Dixon athletes, has been held under \$5,000 by a Pittsburgh, Pa., grand jury for felonious assault and battery.

He is charged with having tore and Mike Fricano, barbers, both of whom will recover. Dougherty claims self defense and says the men had made improper advances toward his wife.

## COURT IN SESSION.

Judge Oscar E. Heard of Freeport was delayed in opening court Monday morning at 9:30, he being a passenger on the south bound train due to arrive here at 7:30. On account of a derailment at Baileyville, the train did not arrive until shortly before noon. Court was called at 1:30 in the afternoon and considerable business transacted.

FIRE IN FURNACE ROOM  
SPREADS RAPIDLY—ENTIRE  
BUILDING IS DESTROYED

BULLETIN.  
At 1:15 o'clock the opera house was doomed to complete destruction, the Baptist church roof had caught fire and other neighboring property endangered.

Estimated loss caused by the fire at that hour was:  
Opera House Building, \$40,000.  
Kennedy Music Company, \$10,000.  
Walter Cromwell, \$3,000.  
C. A. Todd, \$2,000.  
John Vaile, \$5,500.  
Mrs. Celia Jones, \$3,000.  
Huggins Shining Parlor, \$500.

Fire, which started from a pile of paper in the furnace room of the Dixon opera house block, owned by Mrs. Eleanor Starrin, at 12:30 o'clock this afternoon, crept rapidly between the walls and floor of the building and before 1 o'clock flames were leaping from the windows of the third floor and smoke was pouring from the cornices.

Every bit of available equipment of the Dixon fire department was pressed into service, but at 1:30 o'clock the flames had not been gotten under control and the fire threatened to become the most serious in the history of Dixon since the destruction of the I. B. Countryman building, directly across the street, three years ago.

The building is occupied by Mrs. Celia Jones' undertaking rooms, the Kennedy Music Co., C. A. Todd's hat store, Walter Cromwell's electrical shop, the Dixonian billiard parlors, Huggins' shoe shining establishment, Dr. A. F. Moore's offices, the Socialists' hall and the Dixon opera house.

The fire had its origin in the furnace room under the Kennedy Music store, into which it was but recently moved and was first discovered by

Pre-Lenten Fetes  
in Barcelona Were  
Marred By Ruffians

By Associated Press Leased Wire  
Madrid, Monday, Feb. 16.—(Delayed.)—Processions incident to the pre-Lenten carnival at Barcelona were seriously marred by syndicalists who are reported to have placed twelve bombs along the route followed by the masked promenaders.

Several men who are alleged to have been armed with squirt guns containing corrosive fluids with which they sprinkled the dresses of the merry-makers and caused great damage have been arrested. Other men provided with lassoes are said to have stolen up behind flowers covered carriages and to have thrown ropes around women's necks causing them to fall into the street. Several people were severely injured, it is said.

Corn Price is Hit By Low Hog Values

Chicago, Feb. 17.—Packers' predictions of lower prices for corn, had a bearish effect today on the market. The expressed ideas of the packers were given special point by a sharp break in hog values this morning. Continued smallness of receipts of corn, however, led to a rally in corn prices after an initial rush to sell had somewhat spent its force. The opening which ranged from 1/2c to 2c lower, with May 1 3/4c, to 1 1/2c, was followed by a slight further setback and then by moderate upturns. Oats sympathized with the weakness of corn, including May at 8 1/2c to 8 1/4c, the market sagged a little more, then recovered. Provisions were decidedly lower in response to bearish views of packers. Besides the semi-monthly warehouse report showed unusually big stocks of lard and ribs on hand.

HUGHES DECLINES TO RUN.

By Associated Press Leased Wire. Omaha, Neb., Feb. 17.—Charles E. Hughes has written a letter to County Clerk Frank Dewey asking him not to proceed with plans to present Mr. Hughes' name in the state primary as a candidate for the republican nomination for the presidency. "I am utterly unwilling to undertake a second candidacy," the letter says. "I am deeply interested in republican success and anxious that there should be republican unity, but there is no lack of available men; I do not recognize any obligation to permit my name to be used."

UNCONCERNED

Our customers have no concern as to whether Bonds and Stocks are selling at disastrous reductions. Their money is invested in our personally inspected and well selected desirable First Mortgage Real Estate Loans.

These Loans have stood the acid test of both War and Peace times and the so-called Reconstruction Period now following the war as shown by the fact that these Loans always find a ready market at their full face value.

During all these strenuous times the number of persons buying these Loans has steadily increased which further shows that investors do appreciate our old and well tried manner of loaning money for safe conservative interest returns.

Look over your finances and when you have, or expect to have, idle money you want to invest conservatively see, write or phone us.

Personal interviews are encouraged and treated as strictly confidential.

THE INFIDEL'S GODS

Interesting questions will be asked and answered at the Wednesday evening meetings, St. Paul's Lutheran church, this city, beginning tomorrow night. Who ever heard of an infidel having a god, or even believing in God? Some persons have said he has a whole menagerie of gods, the god "Matter" is his creator; the god "Force" keeps it from falling apart; the god "Law" arranges for the sun to rise and set on schedule time; the god "A Strong Constitution" and "My Doctor" pull him through the flu; the god "Fate" robs him of his wages and "Good Luck" raises his wages and "Bad Luck" throws him out of a job. He has many gods. He is a strong believer. At the service tomorrow night, the question, "How Many Gods" will be up for discussion. These meetings will take the nature of study and instruction. A little book on Luther's Smaller Catechism by Dr. Adam Stump will be the text book used. These books will be distributed free.

UNIQUE ELECTRICAL GOODS

Have you seen the Mystic Coffee Pot in the window of the Lee County Electric Co., on Galena Ave.? If you haven't, you should call and see if you can solve the mystery. An aluminum coffee pot is suspended and not connected with wires or tubes and it pours coffee continuously into a cup placed on a table. The supply of coffee is inexhaustible and the pot does not get full. It is a unique exhibition and is attracting large crowds. The Thor Electric Washing Machine and Ironer is being demonstrated all this week and every housekeeper will find it to her advantage to call and see these two household necessities in operation.

Buy Now While Deliveries Are Possible

Buy your Ford car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped up until we have bonafide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

Women Back Meat Control Statutes

Chicago, Ill., Feb. 16.—The League of Women Voters, successor to the National American Woman Suffrage association, will ask the republican and democratic National conventions to pledge their unqualified support to the Kenyon-Kendrick-Anderson bills for the regulation of the meat packing industry.

This morning's session of the newly formed women's league was largely devoted to a discussion of the high cost of living. The committee on food supply and demand presented a number of recommendations, including the one endorsing the proposed regulation of the big packers.

Co-operation with the Farmers' National Council and the American Live Stock association in securing the passage of anti-H. C. L. legislation also was recommended. Legitimate co-operative associations should be advertised and encouraged, the committee reported.

**For Workers' Unions.**  
The right of women workers to organize in trade unions and bargain collectively with their employers was upheld in the report of Mrs. Raymond Robbins, chairman of the committee on protection of women in industry. The committee recommended that the women's league urge passage of state and national legislation for the protection of employed women.

Wage payment on a basis of work done, and not sex; establishment of a women's bureau in the department of labor with a woman at its head; state and federal employment offices for women; a constitutional amendment giving congress the power to establish minimum labor standards; limitation of women's hours of work to 44 hours per week, with one day's rest in seven; prohibition of night work for women in factories; compulsory payment of a minimum wage; and for participation of the United States in the international labor conference and to secure wide standardization of industry were among other recommendations.

OBITUARY.

SUSAN JANE LAMBERT

(Contributed).  
Mrs. Susan Jane Hagerman Lambert was born in Hagerstown, Md., Feb. 18, 1848 and died Feb. 8, 1920 at the home of her daughter, Mrs. Charles Boucher in Sterling, Ill., aged 71 years, 11 months and 20 days, after an illness of a week. She had been in poor health for three years prior to her death, but had not been bedridden until the last week.

On June 11, 1866 she was married to Josiah Lambert in Hagerstown and in 1882 she and her husband came to the vicinity of Dixon, where they afterwards made their home. Mr. Lambert passed away eight years ago at their home in this city.

Mrs. Lambert leaves to mourn the passing of a beloved mother, ten children: Mrs. R. H. Wadsworth and Mrs. Bert Rizer, of Dixon; Mrs. John Burke of Sandwich, Ill.; Mrs. Rex Alcorn of Chicago; Mrs. Charles Boucher of Sterling; Charles, David, Wayne and Edwin of Dixon, and Howard of Sterling; 21 grand children, 7 great grandchildren, three half sisters and one half brother also mourn her death. Her father, husband and only brother served in the Civil war and three of her sons saw service in the world war.

"One more voice on earth is silent; one more face will be seen no more; but there's one more soul that waits us on that happy golden shore. One more friend has been called to leave us and to enter Christ's estate; but there's joy and peace in knowing we shall meet at Heaven's gate."

Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any drugist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

**GOLD MEDAL HARLEM OIL**  
The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1899; corrects disorders of internal organs. All druggists, three sizes. Ask for the name Gold Medal on every box and accept no imitations.

**Sister Mary's Kitchen**

After cooking cabbage or onions, the house often seems to have a lingering odor that fresh air will not remove. Vinegar poured on the stove clears the kitchen of traces of the vegetables but does not penetrate to the living room where curtains and hangings are dried to hold odors.

A good incense that is at the same time a deodorizer clears the air quickly and effectively. In choosing the incense be careful to get one that is not heavy with a sweet, cloying perfume. A refreshing rather pungent odor is the best to select for deodorant purposes.

**Menu for Tomorrow**  
BREAKFAST—Stewed figs, scrambled eggs, graham muffins, coffee.

LUNCHEON—Braised tongue, creamed potatoes, bread and butter, hot ginger bread and apple sauce, tea.

DINNER—Duchess soup, broiled halibut, lyonnaise potatoes, string beans, celery, peach dumplings, coffee.

**My Own Recipes**  
Halibut steaks cut in inch slices are delicious when broiled. I like to season the fish with salt and pepper and lemon juice before putting it into the broiler. If the slices of the rack are well greased there is no difficulty in removing the fish to the serving platter. The fish may be dredged with flour or corn meal before cooking, as one desires.

**BRAISED TONGUE**  
2 or 3 pounds fresh tongue  
2 tablespoons butter  
1 cup diced carrots  
1/2 cup diced celery  
2 tablespoons minced onion  
1/2 inch stick cinnamon  
2 cloves  
2 tablespoons parsley  
2 tablespoons lemon juice  
1 teaspoon salt to 1 pound meat  
1/2 teaspoon pepper

Cook tongue in boiling water to cover for about 2 hours. Remove from water, dip in cold water and remove skin and tough fibres. Melt butter in frying pan, add vegetables and cook until brown. Put vegetables in a deep casserole. Brown tongue in butter in frying pan and add to vegetables in casserole. Add seasonings except lemon juice which is added the last half hour of cooking. Cover tongue to one-half its depth with the stock it was cooked in. Cover casserole and cook in a moderate oven until tender. It will take about 1½ hours.

**DUCHESS SOUP**  
3 cups milk  
1 small onion  
1 egg yolk  
2 tablespoons butter  
2 tablespoons flour  
1 teaspoon salt  
1/4 teaspoon paprika  
3 tablespoons grated cheese

Scald milk. Mince onion and cook in melted butter till brown. Add flour and stir till perfectly smooth. Stir into scalded milk and cook 5 or 10 minutes. Rub through a strainer and return to fire. Stir in cheese and as soon as cheese is melted pour soup

slowly over the well-beaten egg yolk, stirring constantly.

PEACH DUMPLINGS

1½ cups flour  
2 teaspoons baking powder  
2½ teaspoons salt  
2½ teaspoons sugar  
2 tablespoons butter  
2-3 cup milk (about) or water

Mix and sift dry ingredients. Rub in butter or milk with a silver knife. Water will make a tenderer crust when used with butter. Roll dough on a floured board to ¼ inch thickness. Cut rounds or squares large enough to cover halves of canned peaches. Put a peach in each piece or dough, add a bit of butter and a teaspoonful of sugar and bring the dough up over the peach and pinch the edges together. Place dumpling in a pan and bake in a moderate oven about 25 minutes. Then baste with the hot syrup from the can every 5 minutes until dumplings are done. Increase the heat. Serve with peach syrup or sugar and cream. Whipped cream will make a company dessert. He who tends the furnace least complains most of the cold.

**GOLF MATCH DELAYED**  
By Associated Press Leased Wire

New York, Feb. 17.—Walter Hagen, the open golf champion and Jim Barnes, his chief professional rival, will meet at New Orleans in a 36-hole match for a purse within a few weeks. February 28 was accepted tentatively by Hagen, who, when he left here yesterday for the southern city, announced that he had requested that a delay to the first or second week in March because he has not recovered sufficiently from a recent illness to be in shape for such an important match.

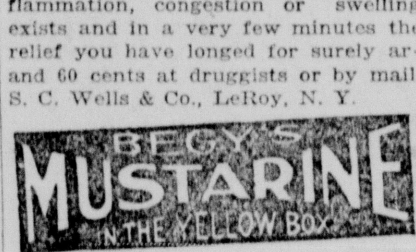

Just yellow Mustard for Backache, Lumbago

Grandmother's old mussey mustard plaster or poultice generally brought relief alright even in the severest cases, but it burned and blistered like blazes.

"Heat eases pain," reduces the inflammation and scatters congestion but you'll find that while Beger's Mustardine, made of true yellow mustard and a d other pain destroyers is just as hot as the old-fashioned plaster it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you have longed for surely and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

## FAREWELL PARTY—

Mr. and Mrs. Albert Hallgren, of Harmon, entertained at a farewell party for Carl Moline and John Sundvall on last Saturday evening. A delightful time was enjoyed. Among the guests were friends from Rock Falls, who braved the extreme cold weather to be present. Dancing was enjoyed in the early part of the evening with the music furnished by F. N. Dunden, of Rock Falls. Refreshments were served at midnight by the hostess, followed by music on the Victrola. Mr. Moline and Mr. Sundvall are returning to their old home in Sweden and wishes for a safe and pleasant voyage were extended by all the guests.

## ENJOYING CALIFORNIA—

LENTEN SEASON TO BEGIN WITH MORROW

Heads of Parishes Receive Rules for its Observance.

The Holy Season of lent to be observed by all of the Catholics of this city starts tomorrow, and will continue forty days, closing at noon on Holy Saturday, the day before Easter.

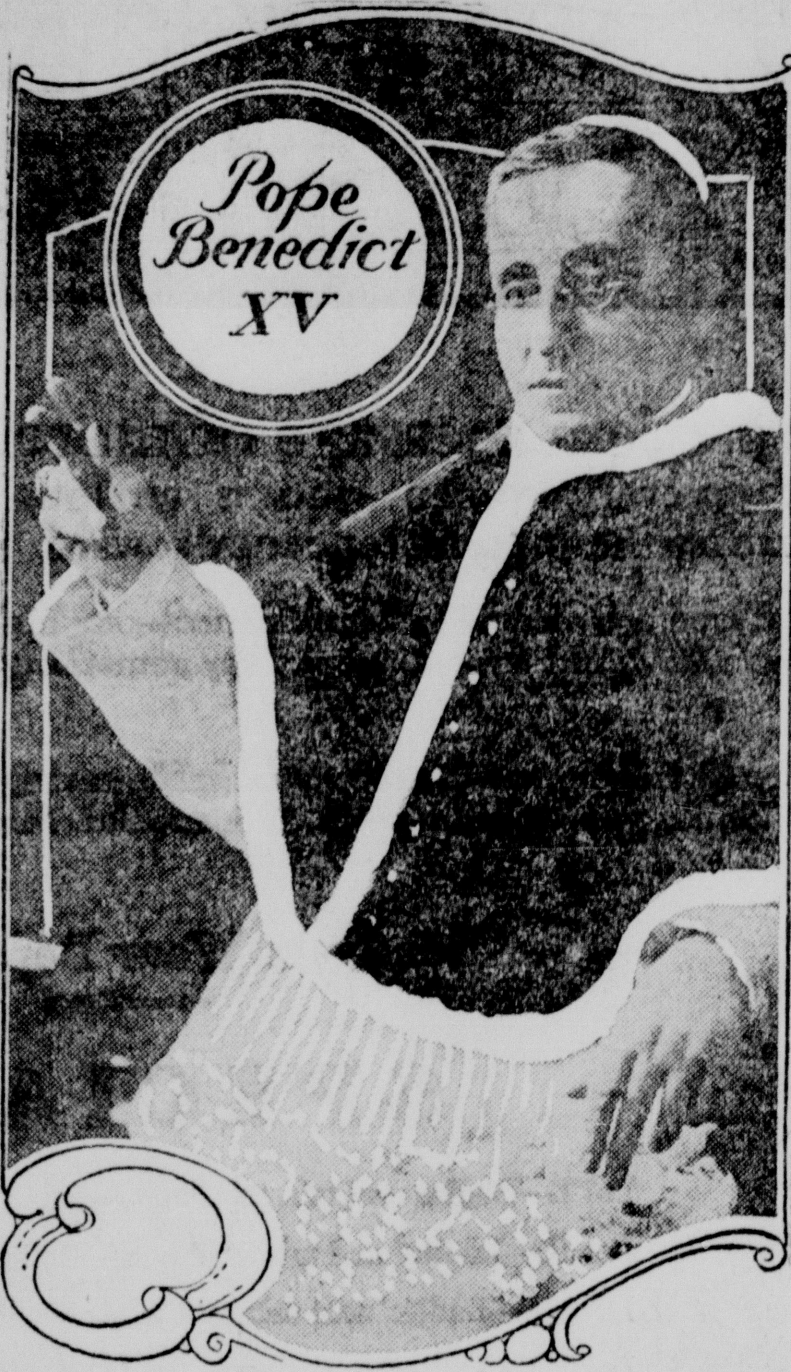

Heads of parishes throughout Lee county have received a list of rules from Rockford to be followed by the Catholics during that period. The list of rules follows:

- 1—All days of Lent, Sundays excepted, are days of fast and of abstinence.
- 2—Fish meat may be used at the principal meal on Mondays, Tuesdays, Thursdays and Saturdays, except the Saturday in Lent week.
- 3—The Lenten fast and abstinence cease at noon on Holy Saturday.
- 4—Fish and fish meal are no longer forbidden at the same meal.
- 5—The law abstinence binds all who have completed their seventh year of age.
- 6—The law of fasting binds all who have completed their 21st year and until they begin their 60th year.
- 7—The sick, the very poor, pregnant women, and in general, all who because of their age, weakly constitution, hard labor, cannot fast without to their health, are exempted from fasting.
- 8—The fast means one full meal a day which may not be taken before noon and may be taken in the evening, and a collation at the fourth part of an ordinary meal. Custom sanctions the taking of a cup of coffee, tea or chocolate in the morning, with a small piece of bread, not to exceed two ounces.
- 9—Necessity and custom have authorized the use of lard and other fat rendered from any kind of meat, instead of butter, in the preparing of fish, vegetables, etc., on all days during Lent and on all days of fast without abstinence throughout the year.
- 10—Soup made from any kind of meat is forbidden on all days of abstinence.
- 11—It is the earnest desire of the Holy See that those dispensed from the law of fast and abstinence, perform some other act of self denial, Lent being the time of penance should be devoted in a special manner to prayer, meditation, to spiritual and corporal works of mercy.
- 12—The Lenten Devotions will take place in every church, on Sunday evenings, Wednesday and Friday evenings.
- 13—The time for complying with the obligation of receiving Holy Communion during the Easter Season, extends from the First Sunday in Lent to Trinity Sunday, both Sundays included.
- 14—The annual collection for the Negro and Indian Missions will be asked for on the first Sunday in Lent. All offerings made on Good Friday are given for the benefit of the Holy Shrines in Palestine.

—If more convenient, city subscribers may call at the Evening Telegraph office and pay their subscription.

Erzberger Gets Into Another Court Suit

By Associated Press Leased Wire  
Chicago, Feb. 12.—Federal Judge Kenesaw Mountain Landis upon his own request has been eliminated from consideration as a possible successor of August Hermann as chairman of the National Baseball Commission. John Heydler, president of the National League, announced here today. The judge said he had not been a candidate and that no one connected with baseball had talked to him about accepting the place, Mr. Heydler said. Names of four men still are under consideration by the National League head and B. B. Johnson, president of the American League for appointment as baseball's chief magistrate.

THE WOMAN WHO LOVED--AND EARNED

CHAPTER 62.

"Please come to my poverty party. It will be held in the kitchen on October 19—The Poor Weeds."

"Just look at this, Gerry!" Robert said, laughing heartily as he handed me the note written on a piece of brown paper bag such as is used to deliver groceries in.

"Isn't that lovely!" I exclaimed with enthusiasm. I had said nothing to Robert of my conversation with Frank Weed, so he was really surprised.

"But what kind of a party is a poverty party?" he queried. "It seems to me we have that sort nearly all the time."

"Nonsense! This is a real party, not a thing to grouch about. I don't know much about it, only I believe the guests wear their oldest clothes, etc. I wonder who they are going to have beside us?"

"Oh, probably the Murphy's."

"Them, of course!" was wondering if they would ask Mary. I wish they would she makes things so lively."

The 19th of October fell upon Saturday that year, and I knew that was the reason Betty had chosen that date. We were all working people, and she knew that we could stay later Saturday night.

I called her up and told her we were delighted with the quaint invitation and would surely be on hand. They would, she makes things so lively."

at all in love with Gardner, but liked him immensely. Then, too, he took me out of myself, made me forget that Robert was grumpy, and—did not realize it, I mean—he made me forget I was a business woman. Someway when I was with him I never thought of the shop, never talked shop. With Robert I found it a never failing subject of conversation, not dreaming that I was boring him to death with my talk of hats, and at the same time continually emphasizing my earning capacity, and so making him uncomfortable.

I have heard, and I guess it is true, that women cannot dismiss their business as a man can. They talk about it at any and all times. They are too new in the business world to forget it when they are at home, or with others. It is of such vital interest to them, is so like a new toy, that they hate to lay it aside even for the sake of sociability. It is a mistake—one I learned, but only when it was too late.

Betty called me up at the shop and told me:

"Mr. Kenyon wrote me the nicest note, and said he would be delighted to come. I felt as if I knew him after reading it. I was afraid I should be a little embarrassed with my poverty party, but I shan't. I told him to wear the oldest things he had, and he promised."

That night I told Robert who was going, and watched him closely when I mentioned Marion Hovey's name. He did not change expression, simply remarking that we ought to have a good time. I spent the rest of the evening getting out the things we were to wear—the party was the next evening. I found an old dress in my trunk that I had saved because the color was particularly becoming, although the dress I had considered past wearing. Then I discovered an old gray suit Robert had discarded, and in some way neglected to give away. With old shoes, etc., we would do very well.

"It won't be any trouble for me to go to a poverty party," Mary said when we talked it over at luncheon on Saturday. "But if it had been a fancy dress ball little Mary Ryan would have sent her regrets."

Tomorrow—The Poverty Party.

The world's debt today is estimated to be \$200,000,000,000 as compared with \$40,000,000,000 in 1914. Pennsylvania mine operators, in 1917 and 1918, produced 156,000,000 gross tons of anthracite coal.

A REAL BARGAIN

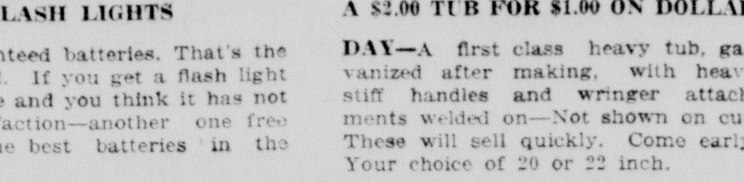

This cut shows what is said to be the most beautiful range made and we know it is one of the best ones. The lids and top are polished to a mirror finish and need no blacking, the oven door and the warming oven back and doors are pure white porcelain enamel, the pipe is behind the warming oven leaving front one broad seamless white enameled panel easy to clean, the nickel is rich, heavy and plain, the copper reservoir holds 10 gallons, the linings have some valuable and exclusive features. The body of range is cast iron which is easily proven to be the most durable material excepting enamel. The oven is 20 inches square. The price of these ranges is \$125.00. On Dollar Day we will throw off \$1.00 for every \$10.00 of its price which makes a clear saving of \$12.50 from a price which is already lower than so good a range can be had any other place.

From every DOLLAR'S worth of TOOLS or KITCHENWARE, except Washing Machines and Stoves, we will DEDUCT 10c. This applies to all Tools and to all Tinware, Galvanized ware enameled and Pyrex Glassware.

## MONTHLY REPORT OF NO. 2 COW-TESTING ASSN. IS ANNOUNCED

Tester Sherman Issues  
Report of Tests Made  
in January.

The average production per cow in Lee County Cow Testing association No. 2 for January was 822 pounds milk and 29.5 pounds fat. Cost to produce 100 pounds milk was \$2.11. This is feed cost, not figuring the average price of 20 cents a 100 pounds which members pay for hauling, 2 1/2 hours time to make 100 pounds, interest on investment, nor any other overhead expenses, which are numerous ones. There were sixteen cows which produced over 50 pounds butter fat in January, and twelve cows which gave 50 pounds or more of milk per day. Of the 288 cows tested, 57 were pure breeds, 319 were grades, 12 were scrubs. Mr. J. Nicholson has ordered a individual drinking cup system for his herd. There are 170 calves under a year old being raised by members, of which 141 are grades and 29 pure breeds. It costs as much to raise a grade as it does a pure bred. The average dairy man takes more pride in developing and raising pure breeds and thereby obtains a better producer. As you will notice in the above figures, that there are but few pure breeds in Lee county. Pure breeds are just beginning to immigrate to Lee county. Be a pioneer and get started in the game.

Number owned by William Finch of Amoy is high fat cow for January. This cow had the opportunity of freshening in December. She was fed well during her short dry period and is now ready for a fine years work. She receives same care as other cows in his herd, which is first-class dairy care. That is the only care a cow should be given to bring the dollars home. No. 3 produces 57.8 pounds milk on but two milkings daily. She receives 1 1/2 pounds oil meal, 5 1/2 pounds gr. oats, 8 pounds barley, 3 pounds silage daily. Study this ration—it may help you solve your milk problems.

Messrs. Buckaloo, P. Montavon, Nicholson and Meese Bros. herds also averaged over 30 pounds fat per cow.

**Statement of Feed and Car.**  
In looking over the high herd for January, which is owned by William Finch of Amoy, it seems remarkable. The owner has been in the dairy game but a few years, and comes across with an average of 33.2 pounds of milk and 1 pounds and 9 ounces of butter per day from each of the 27 cows on test. One-third of the number tested are heifers. Nine cows each produce over 50 pounds milk daily. This herd is milked but twice daily. I dare to state but few herds in Illinois can compete with above record for 27 cows in milk. This herd consumes their silage and grain in four feeds a day which is 1 1/2 pounds oil meal, 5 1/2 pounds gr. oats, 8 pounds barley and 35 pounds silage, 3 pounds mixed hay and 7 1/2 pounds of alfalfa each. This ration is fed to high producers. His lower producers are fed a smaller amount, according to the amount of milk they produce. Mr. Finch's feed cost to produce 100 lbs. milk is one of the three lowest in the association, thereby showing he is feeding toward the profit end as well as for milk production.

No. of cows tested, 388.  
No. of cows freshened, 26.  
No. of unprofitable cows, 43.  
No. of unprofitable cows sold, 7.  
No. of pure breeds purchased, 5.  
No. of grades purchased, 11.  
Price per 100 lbs. milk, \$3.60.

NEW CITIES

It is said by the Census bureau that the  
present census will probably show the exist-  
ence of 700 new cities in the United States.

It should be explained, perhaps, that ac-  
cording to census classification a "city" is a  
municipality of 10,000 or more population. It  
may be objected, therefore, that these cities  
are merely new in a technical sense. Never-  
theless, they do represent a genuine crop of  
new cities, just as surely as if they had been  
created from the ground up, all at once, in-  
stead of developing through a period of  
years. That they are counted only on pass-  
ing the 10,000 mark is a mere detail, just as  
it is a mere detail that bushels of wheat are  
counted only when they are threshed.

For practical purposes, we might say that,  
at the rate indicated, the United States has  
been producing new cities for ten years at  
the rate of seventy a year. While these 700  
have passed the mark, others have been  
nearing it. Very likely the next census, in  
1930, will show 1000 new cities, and that  
would mean a production of 100 a year.

Here is a fact unparalleled in history. It  
shows, with remarkable clearness, the vir-  
ility, energy and expansive power of the  
American people. The big cities usually at-  
tract most attention. Their continued, rapid  
growth is certainly a matter for wondering  
comment. But all our communities are grow-  
ing, and it is the small, new communities  
whose growth is most indicative of the na-  
tional vigor and prosperity, and whose spirit  
is most characteristically American.

It would be still better if the growth was  
more in the direction of the soil than to the  
either the big or the small cities. But it  
should be reflected that, as a rule, the village  
becomes a "city" of 10,000 people because a  
farming community has grown up around it,  
and indeed many of those who live in these  
cities are conducting the business of farming  
outside the limits of the city.

TRAPS FOR THE UNWARY

Bank robbery has chalked up so many  
successes in recent months that many ambi-  
tious young men are joining in the renaiss-  
ance of this old-time line of endeavor. But  
the innocent and unsuspecting among the re-  
cruits should be warned. Their path is beset  
with pitfalls and with gins.

A robber of some distinction once held up  
a bank in eastern Colorado and having gath-  
ered all the cash of the institution into a  
grain sack he was about to make his get-  
away. At this point, the bank president made  
him an offer. If he would leave the coin and  
currency, the bank would give him securities  
of equal value, allow him four hours' start  
before reporting the crime and describe the  
securities inaccurately to the sheriff. This  
proposition was accepted, and the robber  
was far away before the alarm was given.

The paper turned out to be stock in a rail-  
road which never had been built, mortgages  
on cattle which had perished in a big bliz-  
zard, the notes of a congressman who had  
fled to parts unknown to escape trial for so-  
liciting bribes and a block of bonds of a cor-  
poration promoted to increase the rainfall of  
the Staked Plains.

The inexperienced bank robber should  
keep in mind that his earnings and savings  
excite the interest not merely of crude police-  
men and cunning detectives, but also of un-  
scrupulous get-rich-quickers whose stock in  
trade is worthless engravings and persuasive  
tongues.

"DOUG." FOR PRESIDENT

Everybody is coming forward now with  
his favorite presidential candidate. One sug-  
gestion, aimed to catch the movie-fan vote,  
names Douglas Fairbanks as a man of ac-  
tion and of rare business ability—witness his  
contracts—and of undoubted patriotism.

Douglas a man of action? Yes, indeed, al-

ways on the move in the movies. And he  
would usher in an era of economy, for with  
him as the nation's leader there would be no  
further need of a standing army. Have not  
his devotees seen him outwit and fight to a  
finish any number of bandits and whole regi-  
ments of foreign soldiers?

With a little of his whirlwind action he  
would soon reduce Wilson and Hitchcock to  
submission and obtain the desired peace  
treaty settlement. He would drive down to  
Mexico for a morning spin, clean up things  
there, establish a responsible government,  
take a dip in the ocean at Vera Cruz and get  
back at Washington in time for lunch. In the  
afternoon he would probably fly over to Am-  
erongen, give the former kaiser the thrash-  
ing he deserves, take tea with Lloyd George  
and Viscount Grey, and then devote a few  
minutes to settling the Russian bolsheviks.  
While taking tea with the two English lead-  
ers he would thank Viscount Grey for the  
help extended toward flooring Wilson.

Best of all, he could turn the movie rights  
to all his official acts over to the national  
treasury department and do away complet-  
ly with the government's need for income  
taxes. And through it all the public could  
sit in blissful satisfaction watching the scenes  
reel by. For with the aid of his own special  
company of movie actors he would be able to  
"do everything" and no one would need to  
work. All of us could go on strike, and he  
would rain milk and honey down on us.

The next time Sir Oliver Lodge talks with  
the other world he might ask Nero which  
half of a fiddling Senate he is roofing for.

The income tax form is called a blank be-  
cause a blank is used to record the comment  
of the man who is trying to fill one out.

The fact that moonshining is increasing is  
not an argument against prohibition but an  
argument for more of it.

The Russian peasants didn't choose be-  
tween the Reds and Kolchak. They chose  
between living on rations or hope.

The modern conception of Cuba is a ma-  
hogany island surrounded by a brass foot  
rail.

pany's tools.

GENESIS

Their fathers sharpened the shining sword  
And bowed them down to the Overlord  
And pledged in wine "The Day!"  
They sharpened the sword, and their child-  
ren bleed;  
They pledged their faith and the children's  
need—  
And the little children pay.

God pity the children! pity their sires!  
And chasten our new lord's new desires  
That we shall become as they!  
That we shall part from the walks of peace  
And ape the step of the Prussian geese  
In the dread of another Day.

No matter by what new power they swear,  
By cabinet, throne or People's Chair,  
No matter what cause they plead,  
God is not fooled! there is no way  
We may train the fathers to smite and slay  
That the children shall not bleed!

KEEP 'EM IN BALANCE

SUCH IS LIFE

A merry chap was old Doc Pell.  
He dosed with quip and jest,  
He filled you full of calomel  
And Nature did the rest.  
And if your constitution won,  
The doctor smiled with pride,  
And said to you, "I've saved you,  
son."

But if you died, you died.  
Doc Pell has long since passed away,  
He's gone to his reward.  
No doctors like him grow today.  
For that we thank the Lord.

Hubbard's device may, or may not,  
do what he says it will.  
Other discoveries weren't discoveries,  
and other inventions were no in-

But the fact remains that discover-  
ies that were discoveries were hooted  
as cordially as the frauds, and inven-  
tions were scorned as heartily as the  
fables.

That seems to be as life runs.

ADVENTURES  
OF THE TWINS  
by Olive Roberts Barton

TO TOPSY-TURVY LAND.

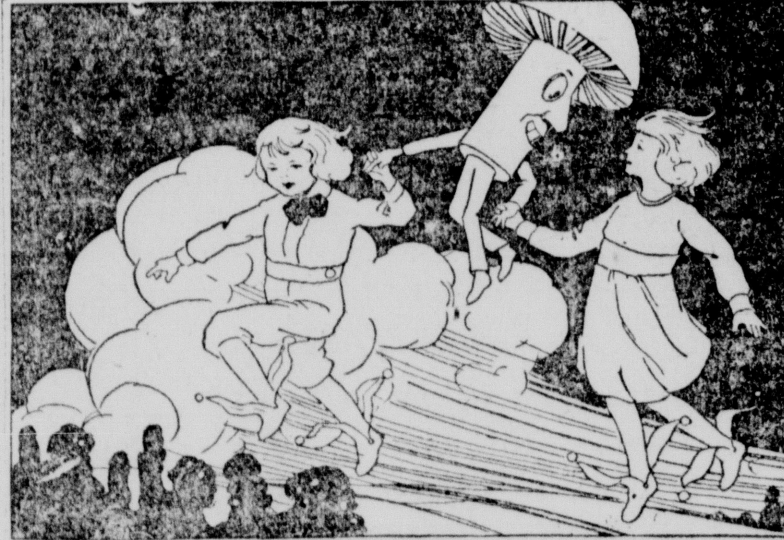

The twins got up early the next morning and hurried to the old stone un-  
der the chestnut tree, where their treasurers, the magical mushroom and  
the green shoes were hidden.

"Guess!" said the mushroom.  
"Guess what?" asked Nancy and Nick at once. "Have you found out  
where Jocko is? Do tell us!"

"No," answered the mushroom. "But we are going on more adventures.  
Green shoes and I talked with the Fairy Queen last night and she gave us an  
idea. Did you ever hear your monkey say he wanted anything?"

"Yes," answered Nancy quickly. "He wanted to be beautiful! He didn't  
like being brown and he didn't like his little shoe-button eyes, and he said  
his tail was too long."

"There!" exclaimed the mushroom. "I thought so! We've decided to go  
to Topsy-Turvy Land to look for him. That's where all the animals and

birds and cats and things go when they are not satisfied the way they are.  
Of course, if your monkey has changed much, it may be hard to find him,  
but we'll do our best. What did he like?"

"He liked a funny little nub of a tail," said Nick.  
"Nub of a tail," muttered the mushroom, writing in a book. Anything  
else?"

"And he liked the mule's great, long ears!" cried Nancy.  
"Great, long ears!" wrote the mushroom.

"And the monkey's yellow feathers!" said Nick.  
"Yellow feathers! That's enough. Surely we'll be able to find him if  
he's there. Everybody ready now? All right! Go ahead!"

A gentle lifting, a faint fanning of the breeze in their faces, and in about  
two-and-a-half clock ticks the twins found themselves in the queerest place  
they'd ever seen. I'll tell you about it tomorrow.

come back with me! It would be grand  
to pilot my own husband!

An Adventure By  
Air—and Where Will  
It Lead?

ed another note from my rival.

An Indian basket maker brought it to me.  
"No word from you," ran Katherine Miller's peculiar script. "Unless  
something happens before Sunday, I am going to run off with Manuel. He  
will take me up to the Rio, he says, but he cannot get near a town. There's  
a price on his head!"

She was going to elope with Don Manuel! It was disgusting! I didn't  
have the slightest desire to save her either from herself or from Don Manuel  
—and yet she had thrust that unpleasant responsibility upon me!

"I am not afraid. Don Manuel runs this band like an emperor. He  
has promised me some women and half of his band as an escort. It will  
cost money. I haven't any. What have you?"

I had a bag full of it. I had brought it down for the ransom of Babs.  
It hadn't been used, except for the upkeep of my plane. There was at least  
enough to make "a first payment" on Katherine Miller.

"Of course Don Manuel had to get rid of his wife. He never could elope  
with me while that little tiger was around. He has given her some money  
and sent her down to Mexico City to shop. She has unlimited finery now,  
evening dresses from Paris which she puts on for Sundays and holidays.

"She will be gone a week, I suppose," the letter rambled on. "And when  
she comes back and discovers what has happened, she will sharpen her dag-  
ger and follow my trail, as sure as fate. That is why I must have assistance  
immediately. Get some money to me somehow. I'm darn tired of this  
place. I've worn out all the romance in it."

"The silly creature!" said I to myself. I did not believe that money could  
save her from Manuel, still it wasn't possibly for me to turn away from any  
human being in distress. How was I going to help Katherine Miller?

I couldn't trust the ransom money to the Indian messenger. I couldn't  
get the airplane mechanics into a broil with Mexican outlaws. They were  
former soldiers—keen for a bout, which was the last thing I or Katherine de-  
sired. But I decided to take Serg with me in the bus. We would go over  
the border and patrol the north half of Mexico looking for Manuel's party.

I looked at the date of the letter. The messenger who had brought it  
must have been delayed. Sunday would be—tomorrow!

Serg knew all of the trails, he had lived in the vicinity before the war.  
I perfected my plan but when I reached the flying field with my satchel of  
money, I found but one man there. He was guarding the car. He said that  
a mechanic had met with an accident and the others had taken him to the  
hospital in town. Also they had gone for gas.

"But the plane is ready to go up!" I asked.

"Sure it is, Mrs. Lorimer."  
"Then I'll take her up alone," I said. I had decided to let chance control  
the event. Chance took the form of Serg's little invention. Sometimes it  
worked—and sometimes it didn't. I would set out alone—if the self-started  
decided to turn the engine over.

TEETHING.

Teething in a healthy child is itself  
a normal function. It is only when  
associated with outside disturbances,  
especially with those due to indiges-  
tion, or, other abnormal conditions,  
that it may become a source of seri-  
ous trouble, or when one function is  
over-stimulated at the expense of an-  
other, so that, for example, the teeth  
grow faster than the over-lying tis-  
sues are absorbed to make room for  
them. There may then ensue some-  
times very serious disturbances from  
the pressure of the tense and swollen  
gum on the coming crown underneath  
which may, in some cases, be at once  
relieved by lancing the gum.

Every tooth as it comes into place,  
is a milestone that marks another  
step in the child's development. It will  
not be until the cutting of all of its  
first full set of teeth has been com-  
pleted, that the mother may feel at  
liberty to give the child hard, solid  
food.

So, when these little milestones have  
all appeared, do not get the idea so  
prevalent, that as they are only "tem-

porary" teeth, their preservation is  
not of much consequence. It is of  
supreme consequence. Their pres-  
ence in the mouth up to the very mo-  
ment their successors are ready to  
take their place is absolutely essen-  
tial. Their premature loss may be  
followed by a train of evils—imper-  
fect chewing, poor digestion, irregu-  
larities of the second set of teeth,  
distorted features, and frequently se-  
vere suffering from toothache and  
sleepless nights, which, if long con-  
tinued, may induce permanent nervous  
affections.

ANSWERED.

Q. Do you advise vaccine treat-  
ment for rheumatism? Can you send  
me pamphlets on the subject?

A. Vaccine treatment is applicable  
to only a small proportion of cases  
called "rheumatism," and even then  
the results are not always satisfactory.  
We have no pamphlets dealing with  
this treatment. If you are afflicted  
with rheumatism, by all means rely  
only on the advice of a physician who  
is familiar with your condition.

# Oil Field Armies Too Busy With Checkers and Ivory Cubes to Shed Blood

BY W. W. FERGUSON.  
(N. E. A. Staff Correspondent.)  
Ranger Camp, Bridgetown, Tex., Feb. 5.—Eleven small black automobiles, their curtains drawn, bounced over the frozen roads of the Red River Valley at Bridgetown, and emptied their loads in front of a row of newly erected tents on the river bank.

"I'd a give money to 'a' made that trip on a bronk," one of the passengers remarked, as he emerged from the car, carefully holding his gun. It was a Winchester, in a neat case of carved leather. Cartridges gleamed from his belt and, like his companions, he carried holstered pistols.

Others of the party smiled. They had learned that the modern Texas Ranger has learned to rely on other weapons than his trusty cayuse.

The party were Rangers, under the direct leadership of Adj.-Gen. W. D. Cope. They had come all the way from the Rio Grande for the same duty that they have been engaged in in the past, to repel invaders.

Only the invaders on the Red River were not Mexicans. They were Oklahomans, who, bred by the discovery of oil on the brink of the Red River, had crossed to the south bank, long considered the boundary between the states, and planted their banner, a sign declaring that the south bank of the Red River stream was in the state of Oklahoma.

"We're here to keep the two sets of claimants from shooting at each other while the courts decide their disputes," General Cope announced, as his Rangers made themselves at home.

And his two companies of rangers, 15 men, a sergeant and a captain to the company, looked capable.

All of them are tall, well built, and shate under this enforced inactivity of waiting for the deputy sheriff of Wichita county to come and serve the injunction issued by Judge George Calhoun of the Fifty-third District Court of Texas.

Rangers do not serve civil papers. Judge Calhoun has issued an injunction similar to the one issued by Judge Frank Matthews of Tipton county, Oklahoma, across the river.

Both injunctions give possession of the disputed property to the state officers of their respective states, with injunctions put the property in the hands of a receiver, who is to operate it until the courts definitely establish claims.

But the Rangers do not worry about injunctions. One fashioned a checker board, and labeled one side "Texas" and the other "Oklahoma." Then, using cartridges as checkers, the hard-boiled gentlemen who are the terror of the border, whiled away a pleasant afternoon.

A crap game among oil men in an adjoining tent didn't interrupt them in the least.

They even listened sympathetically when a newspaper man explained the

game of chess on the checker board, using pennies as pawns, nickels as rooks, dimes as knights, quarters as bishops and old and new half dollars as king and queen. Heads represented one side and tails the other, of course. One grizzled old veteran who admitted "playing" the game back in 1887 or 1888, skinned the smart correspondent three straight.

Oh, yes, they're Rangers, all right. They wear big white five-gallon hats,

Mrs. Frank Gilbert is ill of la grippe.

Mr. and Mrs. Thomas Bracken entertained about sixty ladies at a six dinner at the Country club on Wednesday afternoon.

Mrs. Arthur Courney and Mrs. Frank Weaver went to Freeport on Thursday where the former consulted a physician.

Charles Myers moved his family to a farm near Oregon on Thursday.

Mrs. Elizabeth Waterman, who has been visiting her daughter, Mrs. Arthur Bubbelle, and family at London, returned home Sunday evening.

Mr. and Mrs. Robert Knapp visited relatives in Oregon between trains on Tuesday evening.

The Utopian Circle gave a luncheon at the home of Mrs. David Pollock on Thursday, each member inviting one guest. A very interesting program was rendered.

Mrs. Irvin Reinert went to Mount

Carroll on Thursday morning to visit a few days with her father, Charles Wilson.

Albert Griffin is a guest of his sister-in-law the past two weeks.

Medard Woodruff and son, Burton, of Sterling, were polo visitors Wednesday of this week.

Donald, the infant son of Mr. and Mrs. Sylvester Cashman, passed away Wednesday morning at the home of its parents.

The members of the Edgewood Golf club celebrated Lincoln's birthday with a 6:30 o'clock dinner at the club house Thursday evening.

The friends of Rev. William Halford Pierce, a former polo pastor, and his wife have received word that their youngest son had passed away of pneumonia at the home in Rockford recently.

Mrs. Thomas Bracken will entertain a party of ladies at 1 o'clock on Friday at the Edgewood Country club.

Gavin Cross received the sad mes-

sage Thursday, Feb. 12, that his brother, George, had passed away that day at LaVerne, Cal., death being due to influenza-pneumonia. The remains will be brought to Polo, leaving California Saturday, and will probably arrive here about the middle of the week and be taken to the home of the deceased's brother. Mr. Cross was a member of the I. O. O. F. and Rebekah lodges of Polo and the former will have charge of the funeral service. Those who survive him are his brother, Gavin, the last of the immediate family, and a number of

nieces and a nephew, besides many friends. The burial will be made in the Haldane cemetery. Funeral arrangements have not been completed. Miss Helena Herbert is ill at the home of her parents of influenza. Mrs. Charles Winders is afflicted with erysipelas in the face and neck. The little daughter of Mr. and Mrs. Clifford Reynolds is quite ill of pneumonia.

Dr. R. B. Peery, pastor of the Lutheran church, went to Joliet Thursday where he delivered a lecture on "The Present Unrest—its Cause and Cure."

Mr. and Mrs. Donald Graybill are both ill of la grippe. Mrs. Hale Scott and Miss Helen Wales are both numbered with the sick.

**WALTON.**  
Mrs. Lloyd Hoyle has just recovered from pneumonia. Miss Gladys Morrissey, who cared for her, has returned home.

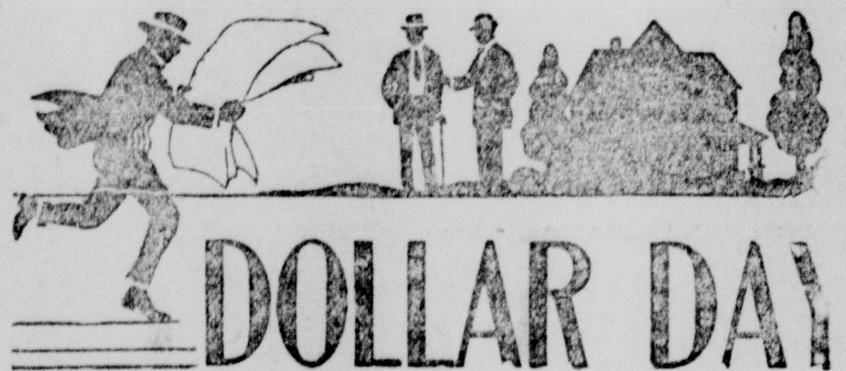

Mr. and Mrs. George Haley rejoice over the arrival of a little daughter. Joseph, Jean and David McCaffrey and Dennis McCoy attended the dance in Harmon Tuesday evening. On their return trip they experienced some trouble—developed flat tire and ran into a ditch.

John O'Malley is ill at the home of Laurence Dempsey. A. E. O'Malley is bailing hay for Mr. Flannigan.

Frank Antoine of Amboy is hauling straw from near Harmon. Messrs. John Hoyle, Peter Hoyle, and William Fitzpatrick have each bought new tractors.

Miss Lillian Wolcott, who is taking an enforced vacation on account of the influenza in her school, spent Wednesday evening with the Misses Pearl and Villa Dismong in Amboy. William Fitzpatrick was a passenger to Chicago last week. Peter McKeown, of Amboy, was a business caller near Walton Wednesday.

Frank and Paul McCaffrey and Joseph Sweeney have gone to Aurora for a few weeks. The many Walton friends and old time neighbors of Ulrich Fuifs will be sorry to learn that he and his whole family are ill of the influenza.

## ASTRONOMER PREDICTS TUMULT AND TERROR ON EARTH—THEN LONG ERA OF CALM AND PEACE

The idea of March, 1920, will bring a period of tumult, turbulence, tribulation and terror such as this old Earth has seldom seen, predicts Dr. Frank T. Allen, director of the Astrological Research Bureau of Washington, D. C. Through March and April, Allen says, this earth will experience the culmination of those astral forces which ever since the summer of 1914 have been chiefly responsible for individual, national and international upheavals that have turned the whole world topsy-turvy.

This, however, is to be the storm before the calm. When it is past the influence of the celestial spheres, to the conflicting influences of which astrologers attribute the period of disturbance through which we are now passing, will be harmonizing and beneficent and THE WORLD WILL FACE AN ERA OF UNPRECEDENTED PROSPERITY AND PEACE.

BY FRANK THEODORE ALLEN  
Director, Astrological Research Bureau

Those who carefully read history and observe the passing of world events are driven to the conclusion that frequently our earth passes through zones of mysterious influences that very decidedly actuate, infect, inspire and impel both its elements and its inhabitants to abnormal manifestations of unrest and upheaval. Throughout the ages astrologers have observed the intimate relationship of such departures to the configurations of the planetary bodies.

Commencing with and continuing ever since the fall of 1918 Uranus and Saturn have been transiting in close opposition to each other, having already passed the exact opposition three times, each occasion being attended with and followed by a world-wide epidemic of human brain-storms, manifesting in various phases of strikes, race riots and other symptoms of elemental hysteria and turbulence.

Coincidentally there has also been a very pronounced renewal of seismic and magnetic activity and disturbance as well as far more than the usual prevalence of destructive storms, involving many disasters upon the high seas.

From February to July of this year Saturn and Uranus will be in unusually close and exceptionally long continued opposition to each other, due to the fact that they both happen to reach their respective turning points, at which they appear to stop and reverse their direction, at the same time, in consequence of which they will both remain apparently stationary—as viewed from our earth—for a very long time; with the earth continuously upon the exact line over which their diametrically contrasted influences will be meeting in a head-on collision.

Coincident with this and continuing during quite a large part of the same time, Jupiter and Neptune will be in quite as close and unusually long-continued conjunction with each other, while Mars, near to his perigee or nearest point or approach to the earth, will also reach his stationary position at a point in exact square aspect to Jupiter and Neptune.

And through most of March and April the astral tremolo, Mercury, will be zigzagging back and forth over the equator in the most effective position for disturbing the earth's magnetic equilibrium.

The practically assured result of these very unusual and intensely acute configurations, involving all of the superior planets and the most effective pronounced, nay, tremendous ac-

tive of the inferior bodies, will be a centration of mental, elemental, magnetic and seismic upheaval and disturbance, such as in all probability will threaten to shake the world and, especially, all human institutions to the very foundations.

The world will not come to its end, nor will all of human governments be overturned or destroyed. Nevertheless the writer is convinced that in the comparatively brief space of a few months there will be concentrated at least the equal discord, upheaval and excitement of all that has been relatively spread over the entire period since the signing of the armistice.

We are at the threshold of a New Era.

The incidental turbulence and con-

fusion are part of the inevitable throes of a New Birth.

The suffering and distress will not be unbearable nor finally destructive and incurable. To the contrary, the writer is convinced that in the main we are passing through a period of strain and testing of renovation and reconstruction.

### Jack Johnson Can Come Back One Way

By Associated Press Leased Wire

Chicago, Feb. 16.—If Jack Johnson wishes to return to the United States and surrender to federal authorities to serve a sentence of a year and a day in Leavenworth penitentiary, it must be unconditionally and on the same terms accorded any other fugitive from justice, Charles H. Clyne, district attorney, announced today.

Mr. Clyne said he would pay no attention to Johnson's plea, in a letter from Mexico City, that he be allowed 30 hours grace to arrange bail if he returned. Johnson fled the country after being found guilty and sentenced for violation of the Mann act.

### Arrest Slayer of Chiriqui Governor

By Associated Press Leased Wire

Panama, Friday, Feb. 12.—(Delayed)—Police authorities have arrested a young man named Sagel and his four brothers for the assassination of Governor Perrigault of Chiriqui province last night.

Reports received here state Governor Perrigault prevented Sagel's father from stirring up trouble between squatters and W. G. Chase, an American landowner. The father refused to keep the peace or leave town of La Lajas, and police finally place him in a hammock and carried him beyond the town limits. This enraged the son who sought the governor, whom he found conversing with the chief of police, a judge and the prosecuting attorney. It is alleged the young man approached Governor Perrigault from behind and shot him down.

## \$ "Open and Account With One Dollar" \$

Nearly every one is familiar with the above—but did YOU ever realize what it meant?

One dollar doesn't mean independence—it merely represents the start toward independence. Banks know from experience that when a depositor opens an account—if with only a single dollar—that the majority will add more and become regular depositors. It isn't the intrinsic value of the single dollar—for most every one could spare that much ANY TIME—it isn't the single dollar that the bank solicits that builds its business.

Miss Kentner Was Chosen President of Teachers' Assn.

The annual meeting of the Lee County Teachers' Association and Lee County High School Teachers' was held in the South Side high school auditorium Friday evening and Saturday with 175 teachers and many visitors in attendance. All the sessions were filled with interest and inspiration for the teachers.

The music furnished by the Dixon High School Glee Club and the work of the North Central Sixth Grade was excellent. Another musical treat was furnished by Harvey Stearns, Manual Training teacher of the Dixon schools who gave two cornet solos.

Hon. Francis G. Blair, State Superintendent of Schools, gave an excellent address on the "Preparation for Teachers" and two most interesting addresses were given by Pres. J. Stanley Brown of the State Normal School, and Cora Mel Patten, of Chicago, who spoke on "Socializing the School" and "Speech and Speech Making," gave much food for thought.

Ella B. Kentner, of Dixon, was chosen president of the Association for the year 1920-1921; Genevieve Lally, principal of the West Brooklyn school, was made vice president; and Supt. M. V. Lanthorn of Franklin Grove, will fill the office of secretary-treasurer.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

The Stage

PORTER J. WHITE TONIGHT.

In the swift changes of mood that characterize the sardonic Draglund, the character played by Porter J. White in his thrilling yet whimsical melodrama, "The Visitor," there may be seen glimpses of the old fascinating charm of Mephisto in the play of Faust with which Mr. White's name is irrevocably attached. While the story is unmistakably modern there yet lingers in the bantering, laughing, ironical lawyer something of the color of more romantic days. It is a tribute to this actor's art that he is able to suggest through the modern realistic scene that quaint touch of other days. His realism is not that of the photographer, but of the painter who first sees the truth as a grim thing of giant strength and then makes its real beauty respond to the colors of his ideal. It is this note that is found in all of the genuinely popular and beloved men and women of the theatre. It is inherent in their nature and becomes a part of all their characterizations.

In Lapland the babies are wrapped in fur and buried in the snow outside the church while their parents attend the services.

WHEN THE KIDDIES SUFFER FROM COLDS

Give them pleasant-to-take, helpful Dr. Bell's Pine-Tar-Honey

CHILDREN romp around and play and become overheated. A cold often results. It should not be neglected one instant. Give them Dr. Bell's Pine-Tar-Honey. It is very pleasant to take and its ingredients are sure to ease the tickling throat. It helps in relieving irritation and phlegm congestion. Clear the air passages. Take Dr. Bell's Pine-Tar-Honey yourself for that heavy cold. What it does for thousands of others it undoubtedly will do for you.

All druggists. 30c., 60c., \$1.20.

Don't let the liver remain inactive when Po-Do-Lax so easily and promptly gets a free bile-flow started and removes the poisonous waste from young and old systems. Po-Do-Lax is a smooth, comfortable laxative. 60c.

"ANNEXATION IMPOSSIBLE"

By Associated Press Leased Wire

Fiume, Feb. 16.—Annexation of Fiume to Italy is now "impossible" was an admission made to the Associated Press correspondent here today by Captain Gabriele d'Annunzio, whose forces have been holding this city for several months.

## O. U. BUSH

Pitcher Perry Is  
Reinstated By Comm.

By Associated Press Leased Wire  
Chicago, Feb. 16.—Scott Perry, pitcher, formerly with the Philadelphia Athletics, was reinstated today by the National commission. Perry, who left the team last summer, was suspended by Connie Mack.

In reinstating him the commission assessed no penalty but waver Perry against breaking his contract.

## DOG IS CADDIE.

Tammie, a black Scotch terrier, enjoys the distinction of being the real original golf caddy on the Del Monte links in California. Tammie caddies for his master, George B. Carpenter, of Medford, Ore. The dog points the golf sphere just as a bird dog points a quail.

## FOHL TO SANDLOTS.

Cleveland sandlot fans will have a chance to see Lee Fohl, former bench manager of the Cleveland Indians, in action this summer on the sandlots. Lee will be his own first string catcher. He was a receiver in his playing days at Columbus, Akron and Watbury.

## WALTON.

Mrs. M. J. Kent and daughter, Elizabeth, are recovering from a siege of influenza.

Willie Blackburn is assisting in the Walton grocery. Miss Laura Priebe has resigned her clerkship.

George Walcott has been on the sick list but was able today to return to school in Amboy.

Maurice McKune is having some great experiences breaking a broncho he recently purchased. Ask him about them.

There was a decrease last year in combined output of corn, wheat and oats of 236,000,000 bushels in the United States outside of the southern states, while in the south these grains showed an increased production of 325,000,000 bushels.

A graduated tax of from 1 to 30 per cent on all fortunes exceeding 10,000 crowns is contemplated by the Czechoslovak government. Further tax, ranging from 5 to 40 per cent would be levied on grains in security values.

Dr. Robert W. Peach, pastor of a Reformed Episcopal Church in Newark, N. J., says there are in the United States 100,000 superfluous churches, costing \$500,000,000.

Great Game Will Be  
Staged Here Friday

Dixon High school students expect the most interesting evening of the 1919-1920 athletic season Friday night when the Sterling Township High school football team comes for its return game with the local quintet. And it is bound to be some game, for Sterling has been working determinedly for three weeks getting ready for the contest in which they hope to get even for the defeat administered them by the locals in their own home village.

And to prevent such a catastrophe as a Sterling victory right here at home the Dixon students will be out en masse to cheer their favorite to victory.

The total Roman Catholic population in the United States is 17,549,524.

## KINGDON IS FLASHY.

The Detroit Tigers have been tipped off to a short patch gardener who is now pasturing on the Portland Beaver club in the Coast League. He is Wes Kingdon. Last year was his first appearance in professional baseball.

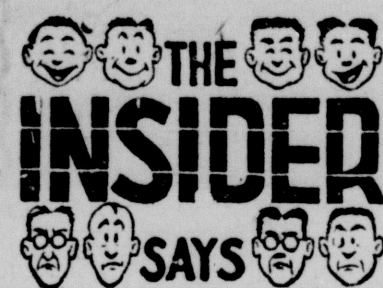

## ANOTHER FOR O'DOWD.

Romeo Hagen, 155-pound Seattle batter, is eager to meet Mike O'Dowd again. He boxed O'Dowd eight rounds in Javes, France, and lost the decision. He is opening his after-the-war campaign in the Pacific Coast rings.

## COPS LONG BIKE RACE.

Leon Georget, French bike rider, has won the 24-hour tandem-paced bicycle race nine times running. Georget rode 547½ miles in 24 hours, at an average speed of 24 miles per hour.

I seen where these big legs men-cagers past a new rule about homeruns. Me an Babe Ruth will sure hev' it easy this season. I alvus hit the ole apple over the fence when the bags is loaded anywise.

The baseball boss was nursing  
A sorely aching head;

"These holdout players have me  
Darned near insane," he said.

Just then a stellar player  
Came tapping at his door;

"Come in," the owner bellowed—  
Oh, gee, but he was sore.

"I've come to sign the papers,"  
Thus spoke the baseball star;

The owner, smiling wanly,  
Gave him a good cigar.

"Now break it to me gently,"  
The owner whispered, "and

L'll do my best to bear it—  
What boost do you demand?"

"I want no raise," the player  
Responded softly, "but

If you are not unwilling  
I'd like to take a cut.

Last year you gave me plenty  
From April until fall

But, gosh, the income tax man  
Dropped in and took it all.

So if you kindly will not  
Give me so much to spend

I'm sure that I will have, sir,  
More money in the end."

The boss fixed on the player  
A strangely glassy eye—

"Somebody here is loony,"  
He said, "'tis you or I."

The world may have changed, but  
human nature seem to travel along

usual crop of spring holdouts in the  
in the same old way. At least, the

winter league is reported.

What has become of the old-fash-

ioned moving picture magnate who  
used to lay in bed late at morning

pentier-Dempsey slam?

With both Dempsey and Carpentier  
in the silent drama things will be very

quiet.

Boy McCormick, English heavy-

weight, is satisfying the cash custom-

ers on the Pacific Coast, never at-

tends a dinner without wearing a

tuxedo dress suit. Some of the pat-

rons took him for a waiter the other

evening and gave him a tip.

All down, and set 'em up in the

next alley. The American League

war having ended, Charley Murphy

seems inclined to start one in the Na-

tional League.

Benny Leonard wants a crack at

Mike O'Dowd for the welter-weight

crown. Yes, and Johnny Kilbane took

a crack at the lightweight title.

Another coincidence. Both John

McGraw and Connie Mack are soon to

begin their eighteenth consecutive

seasons as managers of a couple of

well-known ball teams. Murgsy prob-

ably gets the brown derby for making

the most money for the stockholders.

## MAY PAIR NET STARS.

A two-man Davis Cup team is being talked by tennis critics. William M. Johnson and William T. Tilden II, may be asked to shoulder the burden in the next international event. These stars, playing together, were the only pair in America to defeat Norman E. Brookes and Gerald Patterson, Australian champions, during their tour in this country.

## KID NICHOLS GOLFS.

Golf claims many victims from the baseball ranks. Charley "Kid" Nichols, former old-time pitcher for the Boston Nationals, now expresses a preference for the links. He travels for a film company, but finds time to visit the golf courses around the country. He is 52 years old.

The total labor cost of a pair of \$12 women's shoes in 1913 was only \$1.28.

This is Paul Leslie Mooney, star pitcher of the House of David team of Benton, Mich. He turned down a chance to play with the Cubs, probably because he didn't care to cut off his long hair and whiskers and that sn't the style in the majors any more. The House of David colony is peopled by 300 persons who are endeavoring to make it a new Eden, inhabited only by the sinless remnant of the earth's millions. But they've got some ball team.

### Reds Strengthening Line on Pole Front

Paris, Sunday, Feb. 15.—(Delayed.)—Bolshevik military leaders are taking advantage of the cold clear weather to improve their positions along the Polish battlefield, according to advices received here. The principal point of concentration on the northern front is near Smolensk where a crack division arrived recently after a month's rest. In two districts—near Gomel, in the center of the line, and not far from Kiev, further south—the Soviet troops are utilizing main line railways extending to the interior of Russia.

Beginning at the south, the Polish battle line extends through Novograd-Volynsk and thence around a great curve through Bobruisk which is the easternmost point held by Polish units. It then runs northwesterly through Borssov, thence north to Polotsk, and then west to Dvina. From this point it runs northwesterly until it joins with the Lithuanian front, which extends to the Baltic sea.

### Poles Draft Strong Peace Terms for Reds

Warsaw, Saturday, Feb. 14.—(Delayed.)—Terms which may be viewed as quite drastic have been advanced by Polish nationalists in framing military conditions to be imposed upon the Bolsheviks in the arrangement of a peace settlement. Those include a demobilization of the "red" armies on this front and the establishment of Polish bridgeheads over the rivers Dvina and Dnieper.

Armistice plans call for a strategic line protecting Poland in the event peace negotiations are unsuccessful. As the allies demanded the left bank of the Rhine from Germany, the Poles plan to demand bridgeheads at Vitebsk and Orsha, on the Dvina, and the possible occupation of Smolensk as a guarantee the Bolsheviks will fulfill the conditions.

### Communist Bureau to Be Opened in Mexico

Amsterdam, Sunday, Feb. 15.—(Delayed.)—A Central Communist propaganda bureau for the western hemisphere will be established in Mexico, in accordance with a resolution passed at a secret international communist conference held here early in February, according to the Handelsblad. The newspaper adds this step was taken at the initiative of an American delegate at the conference.

### Poet's Ships Took Italian Transport

Piquet, Sunday, Feb. 17.—Two war vessels attached to the forces of Captain Gabriele D'Annunzio have captured an Italian transport having on board 1,000 regular troops in the Gulf of Loereno, southwest of this city.

### Chili Con Carne Unknown in Mexico

Mexico City.—The man who hunted all over China to no avail for a dish of chop suey and later remarked that the reason he liked the Hawaiian Islands was because there were no ukelas there, would add to his store of knowledge by coming to Mexico because he might scour the republic and would never find native-made such "chili con carne" as Americans believe is a Mexican dietary staple.

### Many Locomotives Were Frozen Up

The soupy mixture of ground meat and beans colored with chili pepper is unknown here.

"Chili con carne" (chili with meat) is a common dish but it consists merely of pieces of meat flavored with chili. Beans are not an ingredient.

### TO CLEAN BEESWAX

When sewing room beeswax begins to look dingy, it may be melted and remolded. The grime drops off at once when the wax is melted on the surface of boiling water, and gives a clean piece of beeswax when remolded.

### Many Locomotives Were Frozen Up

Columbus, O., Feb. 16.—Freezing of sixty-three locomotives at the Pennsylvania railroad roundhouse here early today gave rise to an erroneous report that shopmen had walked out. Extra crews of men were at work this morning, it was said, in an effort to restore traffic to normal. Trains on all of the railroad divisions are reported two to four hours late due to inability to obtain engines.

DOLLAR DAY BARGAINS

At O. H. BROWN'S STORE

WHEN DOLLAR DAY was recently suggested by a number of Dixon merchants we wondered what we could offer (with prices soaring higher and higher) to our city and country friends that would look like real bargains for ONE DOLLAR. Well, we made a real hunt through our store and have put on sale for this day only, large lots of goods we bought last year at about one-half the wholesale prices we are now paying for these same articles. Now, to be a good scout, and in appreciation of the large business of last year we are going to forget profits for this great Dollar Day.

## OTTO AUTO

Boulevard, in the City of Chicago, Illinois, on Tuesday, the 13th day of April, 1920, at 10 o'clock in the forenoon, for the purpose of considering and deciding: (1) Whether the Stockholders of the Company will concur in and authorize the creation of a bonded indebtedness, by the issue of such times and in such amounts as from time to time its Board of Directors or Executive Committee may determine, of bonds, payable in gold coin of the United States of America of or equal to the present standard of weight and fineness, and limited so that the amount thereof at any one time outstanding, together with all outstanding prior debt of the Railway Company, after deducting therefrom the amount of all bonds reserved to retire prior debt at or before maturity, shall never exceed three times the outstanding capital stock of the Company, or of a successor corporation, maturing May 1, A. D. 2037, and bearing a rate of interest, not exceeding the lawful rate to be determined by the Board of Directors or Executive Committee at the time of issue, payable semi-annually; and the execution and delivery by the Company of a First and Refunding Gold Bond Mortgage to Trustees to be designated by the Board of Directors, dated May 1, 1920, conveying in trust the corporate property and franchises described therein, to secure the payment of all such bonds which are to be issued for the purpose of purchasing, redeeming or refunding, before, at or after maturity, the outstanding obligations of the Company, and of other companies whose properties now are or hereafter shall be owned or acquired by the Chicago and North Western Railway Company by consolidation, purchase or otherwise; for the purpose of the future enlargement, improvement, extension and equipment of the properties of the Company and of such other companies; for the construction, purchase or acquisition of other railways and property, or for the purpose of reimbursing the Company for moneys which at any time may be or may have been expended for any of the purposes aforesaid; and will approve such mortgage in the form to be submitted at said meeting; and will ratify the action of its Board of Directors authorizing the creation of such indebtedness, and the execution of such mortgage; and (2) Whether the Stockholders of the Company will authorize the purchase of all the property, including all franchises, rights, privileges and immunities pertaining thereto and all appurtenances

thereof whatsoever, of each of the following named proprietary companies: Wolf River Valley Railway Company, Belle Fourche Valley Railway Company, James River Valley and North Western Railway Company, Macoupin County Extension Railway Company, Iowa Southern Railway Company, Missouri Valley and Blair Railway and Bridge Company, Wyoming & Northwestern Railway Company, Pierre, Rapid City and North Western Railway Company, Pierre and Fort Pierre Bridge Railway Company, The De Pue, Ladd and Eastern Railroad Company, and The Albany Rail Road Bridge Company.

In consideration of the payment to each of said companies of the sum of One Dollar, and the assumption by this Company of all the debts, liabilities and obligations of each of said companies; and will ratify the action of its Board of Directors authorizing such purchases upon such terms and conditions.

The further purpose of said meeting will be the election of Directors and the transaction of such other business as may come before said meeting. Transfer books will be closed on Friday, March 12, 1920, at the close of business on that day and will be reopened on Wednesday, April 14, 1920, by order of the Board of Directors.

“My nails shine for a week without buffing when I use Glazo!”

—And they don't break or spot at all!

The old buff-buff-buff just heated up your nails and made them dry and brittle—and you had to polish—polish every day.

But now comes a new method. Glazo, the new liquid polish, is applied with a brush—and it makes your nails a pretty glowing pink and polished for a week.

Glazo protects the sensitive nails from dust and scratching—and keeps them in perfect condition.

Get a bottle of Glazo today from your druggist or department store. Just 50c—and Oh! the time you'll save and the pride you'll have in your “always polished” nails.

Are You Old At Fifty?

How it stings and hurts when the young folks call you “the old man” or “the old lady” for the first time! What a shock to your pride, and self-conceit. Perhaps you did not realize that you were growing old and slowing down!

Nature intended that men and women should be in their prime at fifty; but the nervous strain of modern life, the overwork, worry and fear of the future, lower the vitality, undermine the health and make us old before our time.

But age is not a matter of years. There is no necessity for premature age. The body normally renews itself every few years. The only difference between youth and age is that in youth there is an abundance of cell-salts in the blood, and it is vitalized with life-giving oxygen.

The abundant cell-salt solution builds new cells and destroys worn-out cells rapidly. The oxygen vitalizes and electrifies the blood. Youth is rich. The hot, red blood urges to activity, and pulses rapidly through the arteries, making the whole body glow with warmth, vigor and vitality.

The importance of supplying these cell-salts to the blood has only recently been understood and appreciated. REOLO combines these cell-salts so perfectly that they are easily assimilated by the blood.

REOLO supplies to the blood the vitalizing oxygen, the reconstructive cell-salts and the invigorating organic iron that nature must have to make rich, red blood. It builds new cells, destroys and eliminates useless, worn-out cells, strengthens the walls of the arteries, veins and capillaries, quickens the circulation of the blood and sends through the entire body a stream of rich, red blood, which gives strength, energy, and endurance.

Start the REOLO treatment today and you will be delighted with the steady, gratifying improvement in your health. The large package of one hundred tasteless, pleasant tablets, only costs one dollar, and it is guaranteed to give satisfactory results or your money will be returned immediately.

Tuscola Editor is Saddened By Losses of His Friend W. B. B.

The Tuscola, Ill., Review of recent date contains the following concerning the theft of liquor from the home of W. B. Brinton of this city formerly of Tuscola:

The Chicago papers of Saturday last contained an account of a loss sustained by our old friend, Col. W. B. Brinton, former mayor of Dixon, who is said to be spending the winter in California. Some evil disposed parties, with no fear of the hereafter, are said to have visited his basement and carried away several bottles of Kentucky Dew, which William was saving up to be used in case of snake bite. They also appropriated a case of champagne which he was holding up until the Review editor visited him, and we feel the loss almost as deeply as the owner for champagne in this dry era is almost as precious as angels' tears. However, we are told that Col. Brinton was not robbed entirely. The thieves left a little "eight-year-old" and that's some consolation. When his Tuscola friends learned of his

First Labor Union Is Formed in China

Shanghai—What is probably China's first labor union has just been launched here by a group of laborers returned from the war zone in France. The new organization is an outgrowth of two unions of 145,000 members that were formed overseas by Chinese workers, according to Shah Chi-fung, who heads the new body in Shanghai as president. The Shanghai organization, he said, is to be the first of a number of similar units.

Says Woman's Brain Is Not Like a Man's

London.—Women are naturally mechanical, therefore no woman is really musical, contended J. Swinburne in an address before the Musical Association in London the other day.

"It is commonly believed that women's brains are just like men's and that they can do everything that men can do just as well," he said. "The assumption is quite unfounded. Women are nowhere in science although scientific training has been open to them for more than a generation. The cultivation of music by women hinders the development of the art. One

Democrats Win By Majority of 1,918

Excelsior Spring, Mo., Feb. 17.—Complete unofficial returns from third congressional district, in which Captain Jacob L. Milligan, democrat and overseas veteran, was elected Saturday over John E. Frost, republican, in a contest in which the League of Nations was made an issue, give Milligan a total vote of 13,879 and Frost a total vote of 11,961. Milligan's majority on these figures is 1,918 and the total cast 25,840. In 1918 Joshua W. Alexander, now secretary of commerce, received a vote of 17,910 in the third district and Frost who was also the republican candidate in 1918, received 14,117. The total vote cast in 1918 was 30,027 and Alexander's plurality 1,793.

**BABY BORN WITH TEETH.**  
One of the twin boys of Mr. and Mrs. Frank Theiss, of Aurora, is exciting a great deal of comment, as he was born with two lower front teeth, fully developed. It is said that the great Napoleon was born with two teeth and it is therefore considered a token of future greatness. At least the little fellow has a good start in overcoming one of the great trials of childhood.

Assistant Attorney General George C. Dixon went to Chicago Monday afternoon to spend several days in that city and Springfield.
